

VERDICT FOR WESTERLY FIRM

Sherman Company Given \$4,121.90 in Case Against Dr.

John Champlin—Charles Fraser Dies at New York Home—Death of Dr. John E. Ambler, 41, From Scarlet Fever—Sale of Gove Property.

On the seventh day of the February session of the superior court and the fourth day of the case of Isaac Sherman Company vs. Dr. John Champlin, which is the outcome of the local contractors building the Champlin residence on Granite street, was heard before Justice Barrows at Kingston, Tuesday morning. At the close of the Monday session of the court there was considerable testimony to be introduced and it was thought that the case would not reach the jury until Thursday, but as soon as the opening proclamation was made Tuesday and the roll of the jurors hearing the case was called, Attorney Seiber Edwards of Edwards and Angell of Providence resumed his arguments for Dr. Champlin, and was followed by Attorney A. M. Allen of the firm of Greene, Hinckley and Allen of Providence for the Isaac Sherman company.

The attorneys had agreed upon certain matters to go before the jury, having eliminated several items which had been mentioned in the case. The doctor claimed that he had entered into a contract with the Isaac Sherman company to build a house for them, certain plans and specifications already drawn up, but reserved the right to make such alterations as he saw fit; that he already paid the contractor more than the \$15,750, claiming that they were indebted to him for the amount exceeding \$1,100, but admitted that there was a question as to the building of a summer house, which was left to the jury to decide and which might reduce the amount due him to about \$600.

On the other hand the Sherman company claimed that it was to be paid for an extra material, and later made necessary by alterations ordered by the doctor, the company claiming he owed them \$4,121.90. The jury was then charged as to the law applicable to the case by Justice Barrows, who briefly recited the salient points brought out in the testimony, urging the jury to do its best and to decide the case justly. The jury took the papers shortly before noon and retired to consider upon the verdict. At 4.30 the jury returned with a verdict in favor of the Sherman company amounting to \$4,121.90, which is practically the full claim and interest.

CURED VERY SORE RASH ON BABY'S EAR

Operated Until It Bled Then Turned Into Scabs. Mother Washed It with Cuticura Soap and Applied Cuticura Ointment. In Three Weeks He Was as Well as Ever.

74 Blackstone St., Worcester, Mass.—"First a red rash came on baby's ear and was very itchy. He would scratch it until it would bleed and then it would turn into scabs, and got very sore. I got some ointment, but that made it worse and made him cry. I then used Cuticura Soap and Ointment and washed baby with the Cuticura Soap; then put the Cuticura Ointment on. I was surprised to see him getting better after a few treatments and I kept on using them. At the end of three weeks he was perfectly cured. Now he has a beautiful clear skin and has not had any trouble since."

"When I saw how it cured baby I made my husband try it on a rash he had on his leg, which was very sore. After using the Cuticura Soap and Ointment six times it disappeared for good." (Signed) Mrs. John D. Dixon, Nov. 12, 1911.

For treating poor complexion, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Ointment have been the world's favorite for more than a generation. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address Post-card "Cuticura, Dept. T, Boston."

For tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.
